

Travertine-Pavers-Walnut-Honed-and-Filled

This is the honed and Filled version of the travertine walnut pavers above. Most of our users have also been enquiring about the filled option during the last year and finally we made a deal for regular supply of the highest quality Flagstones and Opus pattern Pavers cut from the densest blocks of Light Walnut Travertines of taurus mountains. Currently the available sizes are Flagstone cut 30x40x6x10mm and opus romano pattern design pavers of 4 different sizes laid in an antique pattern. As an introductory promotion, we will offer them with same prices as the unfilled pavers.
